

## 40th Annual Historic Oakwood Candlelight Tour

---

### *An architectural fugue*

In music, a *fugue* is a compositional technique in two or more voices, built on a subject (theme) that is introduced at the beginning in imitation (repetition at different pitches) and recurs frequently in the course of the composition.

Historic Oakwood architecture is a *fugue*, one that is part of a larger composition, a *fugue* that includes the adjacent blocks to the west of Person St.

Look for *themes* in the new and old homes on the Tour and in the historic homes along the 500 block of N Blount St. Look further for *themes* that include the new modern *AIA NC Center for Architecture & Design\** (part of the *Blount Street Commons*) and the nearby state government and William Peace University buildings.

\*\* Corner of Peace and Wilmington Streets.
