Features

City-mouse and county-mouse.

Your inner city-mouse will be at home in this 1933 recently restored bungalow. An open floor plan with 3 bedrooms and 2 baths has a new custom arts and crafts quarter-sawn fireplace mantel framing the rebuilt fireplace. Master cabinetmaker Rhett Fulkerson also made the cabinets in the kitchen and bathrooms.

A vegetable garden and vintage 28 foot long garage/workshop offer a country-mouse alternative lifestyle at the back of the 0.18 acre corner lot that borders a short Elm Street cul-de-sac of scenic bungalows. Mature trees shade the inviting 15 foot long front porch while a dining room bay window overlooks the landscaped side yard.

Custom oak cabinets, granite counter tops and gas range/oven are part of the new kitchen. The breakfast room opens to the back deck, steps away from the concrete driveway opening onto Elm Street. The front bedroom catches the morning sun. The true master bedroom the back of the house has a vaulted ceiling and skylight. The large master bath has custom oak cabinets, a claw-foot tub, a large separate shower and a vaulted ceiling. The second full bath shares a hall with the front and middle bedrooms. The claw-foot tub could easily double as a shower with the addition of a shower ring and fixtures. The middle (3rd) bedroom offers great flex space.
